

We signed up for New Jersey's DO NOT CALL list the first day it was available. Prior to that time our phone rang numerous times all day long, well into evening hours and also on Saturdays and Sundays. Since NJ's DO NOT CALL list, we rarely get any phone calls that we don't want - so-called "courtesy" calls are now a thing of the past, and we are very happy with the way the State of New Jersey has protected our right to privacy in our homes. PLEASE DO NOT MAKE ANY CHANGES TO OUR WONDERFUL "DO NOT CALL" LIST ! ! !
